With an ISN of 123 so far, we are looking at a point of attack by the Chinese as they are the third largest provider in the world (see Table 1) and are also the fourth largest payer of long-term care services. China Grew 2017 Due to the low and negative interest rates that are in force around the globe, most governments are looking to shore up their finances by any means possible. As well, these countries are losing foreign exchange due to the increasing strong currency USD. China has been doing well recently and, even
