7 Reasons Why Akshay Kumar Is The Greatest Actor In Hindi Film Industry - 1 By Jivangi. The actor hasn't really looked back since he decided to quit 'Guzaarish' and he is in such a good groove that he has added. India Today TV. Watch Episode Online. (CNN) -- It's not everyday that a new Tamil movie invents its own language. So when Mohanlal's new film, "Thanmatra," is about the Tamilian king who becomes an alien, it seems well-suited for the actor's familiar tone of playfulness. "Thanmatra" translates roughly to "it was said," "many say" or "people say." It's also a Tamil reference to a family who has a history of speaking out against what they see as injustice. There's plenty of that too in "Thanmatra." The film, which was

officially released in India on Friday, is a futuristic twist on the classic tale of the prince who befriends an alien, and thus breaks his curse. When we first meet Thanmatra (Mohanlal), he's a tribal man living deep in the jungle with his wife, queen (Vijayalakshmi) and daughter (Sasikala Chiranjeevi). But he is soon called to the palace of King Bhumji (Mohanlal again), where he is instructed to "rule a kingdom" and learn the secrets of the universe. This tale of an alien prince with an extra-terrestrial mother (Jayaprada) comes with a welcome dose of humor as well as sci-fi aspects. "Thanmatra" director B.
