VETUSWARE.COM, the largest free collection of abandoned software in the universe. You get a 100% guarantee that your software is not used anywhere else, it cannot be used by intruders or government bodies. We carefully check each file before placing it on the site. We have access to files that we cannot host, for the reason that they are, for example, secret. All the files you can get are original (original versions of programs) as if fresh from the factory, only without ads.
